

Job Description: Counselor

About us: Baby Concierge: instant support from top childcare experts at your fingertips.

MaryPoppins is a technology startup that is looking to make parenting easier, by connecting parents and childcare experts.

As part of our launch, we are looking for motivated, experienced childcare practitioners to come onboard and support our parent community. **Please note this is a vendor-partnership engagement opportunity (not a salaried position).** See Perks section below.

We are in Stealth Mode currently

What you will do:

- Provide virtual advice (chat, video or email based) to parents
- Have committed weekly time frames of engagement online on our platform as our vendor partner

What we're looking for:

- Experienced and certified counselor
- Perform initial evaluations of mental health needs and develop customized treatment plans
- Educate parents on stress and trauma coping mechanisms
- Provide parents with the resources they need to reach personal goals
- Monitor parents' progress and modify their treatment plans as needed

Ideal candidate will:

- Have worked with pre and post natal moms, and new as well as experienced parents
- Have computer access
- Be tele-support savvy
- Have excellent interpersonal and communication skills
- Have excellent time management skills
- Have strong analytical and problem-solving ability
- Have familiarity with web-based patient information systems
- Empathetic and patient, especially in our new virtual world with virtual interactions

Perks:

- Payment for your services
- Free access to HIPAA compliant telecare app and organized web technology for your business and your clients: virtual video conferencing, chat, audio, calendaring, document storage, etc
- Free access to pediatrician-certified content and resources for your clients
- Free Marketing, PR and branding for your business
- Access to new clients and new business revenue streams
